Senior Backend Engineer Jobs In Ajman | Raseed Invest

About the job

Raseed brings down barriers to creating wealth by making investing easy, simple, and affordable for our users in Bahrain, UAE, and Saudi Arabia while safeguarding our users by streamlining the investment product offering.If you love challenges and believe in this mission, we'd love to have you on board.

What You'll Do

As Senior Software Engineer you will get to work in an agile CI/CD environment and join a growing team of highly skilled engineers. Raseed's primary tech stack is based on Typescript/Javascript and AWS, and we are looking for Senior Software Engineers to expand the team. Raseed is experiencing strong growth and therefore you will have the opportunity for professional as well as personal growth in a company

Preferred Technology Stack

Backend – Typescript, Javascript, Nodejs, MongoDB, Postgres, JEST

Infrastructure – AWS, S3, Docker

Tools – Github, Github Actions

Key Tasks

Writing reusable, testable, and efficient code on server-side & client-side JS frameworks.

Designing & building RESTful API services & integration with the frontend application tech.

Experience of working with frontend JavaScript technologies (React.js/React Native) & Backend(Nodejs/Expressjs)

Writing Unit Tests and API flows using tools such as JEST.

Integration of multiple data sources and databases into one system. Understanding fundamental design principles behind a scalable application.

Creating database schemas that represent and support business processes and implementing automated testing platforms, performance and unit testing.

Key RequirementsThe Successful Applicant will have:

A degree in Computer Science or Software Engineering, and/or other specialized relevant fields.

Minimum of 3 years of total work experience.

Experience implementing scalable applications using React Native, React and Node.

Experience with modern frameworks and design patterns, minimum one-year experience with MEAN/MERN full-stack paradigm.

Ability to communicate effectively and work with people remotely.

What We Offer

Dynamic exciting work environment

Attractive salary.

Stock options

Opportunity to work with the fastest growing fintech brand in the MENA region.
