Job Description

Today, the corporate landscape is dynamic, and the world ahead is full of possibilities! None of the amazing things we do at Infosys would be possible without an equally amazing culture, the environment where ideas can flourish and where you are empowered to move forward as far as your ideas will take you. At Infosys, we assure that your career will never stand still, we will inspire you to build what's next and we will navigate further together. Our journey of learnability, values and trusted relationships with our clients continue to be the cornerstones of our organization and these values are upheld only because of our people.

Your role As a Senior Consultant, you are an expert at contributing to design, implementation, and management of our VMware infrastructure. You will need to:

- Conduct technical investigations of customer reported issues
- Collaborate with customer engineers and other VMware 3rd-party resources to investigate customer reported issues
- Provide input on product direction, design, and development
- Perform root cause analysis of customer reported issues
- Participate in design decisions
- Contribute to product documentation and manuals
- Provide assistance in product training, customer meetings, and speaking engagements
- Participate in and participate in product release planning.

Required 7+ years of hands-on VMware virtualization and/or cloud experience
Expert knowledge of vSphere and vCloud Director; experience with ESXi, vCenter and vMotion
Expert knowledge of best practice VMware deployment techniques

Personal Besides the professional qualifications of the candidates, we place great importance in addition to various forms personality profile. These includes:

- High analytical skills
- A high degree of initiative and flexibility
- High customer

orientationHigh quality awarenessExcellent verbal and written communication skillsFluent in spoken and written EnglishGood interpersonal skills, able communicatorTeam playerExperience in multinational and multicultural environments.About UsInfosys is a global leader in next-generation digital services and consulting. We enable clients in more than 50 countries to navigate their digital transformation. With over four decades of experience in managing the systems and workings of global enterprises, we expertly steer our clients through their digital journey. We do it by enabling the enterprise with an AI-powered core that helps prioritize the execution of change. We also empower the business with agile digital at scale to deliver unprecedented levels of performance and customer delight. Our always-on learning agenda drives their continuous improvement through building and transferring digital skills, expertise, and ideas from our innovation ecosystem.Infosys is an equal opportunity employer and all qualified applicants will receive consideration without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status, spouse of protected veteran, or disability.
