### Senior Frontend Engineer | Lokalise Abu Dhabi

The world's leading brands use Lokalise to speed up localization and roll-out more languages, while dramatically reducing costs.

Founded in 2017, Lokalise is a cloud-based translation management system that helps businesses streamline their localization processes. It provides a platform for managing translations of software, websites, mobile apps, and other digital content. Overall, Lokalise helps businesses improve their time-to-market, increase translation quality, and reduce costs associated with localization.
