Senior Full-Stack Developer Jobs In Dubai 2022 | Hire My Tech

Description:

HMT is looking to hire a “Senior Full-Stack Developer” for one of our prestigious client. We are looking for an experienced Full-Stack developer (4+ years) with a strength in ReactJS, NodeJS and Typescript, WebAPIs and DevOps to develop the next generation of mobile application for a world class exchange and other products in our ecosystem. Collaborating as part of a Product team with PMs, designers and other engineers, your work will be the face of the company’s exchange on the Android platform. If you think you have what it takes to build the best exchange platform on Android in the industry, we would like to hear from you.

Responsibilities

Implement new user-facing features in products that have a huge amount of PV every day.

Write client-side code to create super-fast, easy-to-use, web-based applications which include websites for both desktop and mobile browsers, and hybrid in-app pages.

Optimize web applications to maximize speed and scale.

Build libraries and frameworks that support complex web applications, speed up development efficiency and improve code quality.

Contribute creativity and insight to solve both technical and business challenges.

Research and promote new technologies and best practices within the team.

Requirements

4+ years' experience developing production software.

Advanced knowledge of TypeScript + React.

Good knowledge of Angular is a plus.

Experience creating APIs REST and Websockets.

Deployment using cloud technologies like AWS and Kubernetes.

Experience with modern web technologies such as Webpack, Next.js, Redux, styled components, or similar.

Knowledge of Sockets and NodeJS

Experience in working with Databases like PostgreSQL

Proven track record of delivering well-tested, high-quality, maintainable projects.

Great cross-team communication skills.

Self-managed, proactive work style. Ability to perform at a high level in a fast paced environment.

Blockchain-related industry experience as a plus.

Experience in managing a distributed team of engineers as a plus.

Fast moving, challenging and unique business problems

International work environment and flat organization

Great career development opportunities in a growing company

Competitive salary

Flexible working hours, Casual work attire
