About The Company Hyder Consulting is a multi-national advisory and design consultancy. We have been in operation for over 150 years, working on some of the world's most iconic landmarks and infrastructure including the world's tallest building in Dubai - Burj Khalifa, the Sydney Harbour Bridge, Tower Bridge in London, the new Berlin airport and the Taiwan High Speed Railway. Our international pedigree is further highlighted by our long-standing presence in our regions: we have been in business for over 150 years in Europe, 100 years in East Asia, 70 years in Australia and 45 years in the Middle East. We have built on this diversity and today 72% of our revenue comes from outside UK. We employ around 4000 people and apply our global expertise coupled with local knowledge to create award winning solutions for the property, transport, utilities and environmental sectors.
