Company: IMPERIUM GROUP

Location: Abu Dhabi

Category: healthcare-practitioners-and-technical

Company: Imperium Group UAE

Overview:

Imperium Group UAE is seeking a highly experienced and passionate Senior Interior Designer to join our team. The ideal candidate should have a strong foundation in interior design, excellent project management skills, and the ability to deliver high-quality design solutions while managing budgets. If you meet these qualifications and are ready to take your career to the next level, we invite you to apply and be part of our dynamic team.

Job Description: Senior Interior Designer

Required Qualifications:

Minimum of 10 years of professional experience in interior design.

Bachelor's degree in architecture or interior design.

Responsibilities:

Client Collaboration: Collaborate closely with clients to understand their requirements, preferences, and vision for interior design projects.

Design Delivery: Lead the design process, ensuring that client expectations are met or exceeded. Create innovative and visually appealing interior design concepts while adhering to the client's budget.

Budget Management: Develop and manage the design within the constraints of the client's budget, providing cost-effective solutions without compromising quality.

Team Leadership: Lead the interior junior designers and visualizers, providing guidance, mentorship, and oversight to ensure that the design team develops cohesive and exceptional design concepts.

Client Kick Off Meetings: Actively participate in client kick-off meetings and initial sales meetings, helping to establish the foundation for successful project outcomes.

Client Meetings: Move between our offices in Dubai and Abu Dhabi as needed to attend client meetings, fostering strong client relationships and ensuring that project requirements are met effectively.

Client Feedback Implementation: Work diligently to implement client feedback on design concepts. Provide guidance to both in-house and remote staff to ensure client comments are integrated effectively.

Project Status Reporting: Maintain an updated record of project statuses using designated systems. Regularly report on the progress and milestones achieved in ongoing projects.

Technical Drawings: Develop and revise technical drawings with the technical interior design team, ensuring accuracy, functionality, and adherence to regulations.

Strong Communication Skills: Effective communication with clients, team members, and project stakeholders is a must, ensuring clarity and transparency throughout the design process.

Software Proficiency: Proficiency in software tools such as AutoCAD, InDesign, and 3ds Max is essential to efficiently create, modify, and present design concepts.

Additional Requirements:

Strong creative and analytical thinking.

Ability to lead a design team and collaborate with various professionals, including architects, engineers, and contractors.

Stay updated with industry trends, materials, and technologies to provide innovative and sustainable design solutions.

Proven experience in managing and completing multiple projects simultaneously.
