Senior iOS Developer

Apply Now

Company: DiceTek

Location: dubai

Category: other-general

Job Requirements:

8+ years of experience SwiftUI and Combine Frameworks: Proficiency in SwiftUI for modern UI development and Combine for handling asynchronous events.

Core Data: Experience in using Core Data for data persistence and management in iOS applications.

Networking: Knowledge of handling network requests, RESTful APIs, and integration of third-party libraries for networking tasks.

Firebase: Familiarity with Firebase services for features like real-time databases, authentication, and cloud functions.

Architecture and Design: Proven experience in designing and implementing scalable and maintainable iOS architectures.

Code Quality: Strong emphasis on writing clean, efficient, and maintainable code, with a focus on best practices and coding standards.

Problem Solving: Exceptional problem-solving skills, with the ability to troubleshoot issues and implement effective solutions.

Collaboration: Experience working collaboratively with cross-functional teams, including product managers, designers, and backend developers.

Version Control: Proficient in version control systems, such as Git, and familiarity with collaborative development workflows.

Continuous Integration/Continuous Deployment (CI/CD): Knowledge of CI/CD pipelines and

tools to ensure efficient and automated build and deployment processes.

Testing: Strong understanding of iOS testing frameworks and practices, including unit testing and UI testing.

App Store Guidelines: Familiarity with Apple's Human Interface Guidelines and experience navigating the App Store submission process.

Performance Optimization: Experience in optimizing iOS applications for performance, responsiveness, and resource efficiency.

Security Awareness: Understanding of mobile app security principles and best practices.

In-App Purchases: Experience with integrating in-app purchase functionalities and handling App Store transactions.

Code Signing and Provisioning: Understanding of code signing processes and provisioning profiles for app distribution.

Communication Skills: Effective communication skills to convey technical concepts to both technical and non-technical stakeholders.

Project Management: Experience working within project timelines and delivering high-quality products within deadlines.

Continuous Learning: A commitment to staying updated on the latest iOS trends, technologies, and industry best practices.

Previous App Releases: Ideally, a portfolio showcasing previous iOS applications released to the App Store.
