### Senior Logistics Manager Jobs In Abu Dhabi | Jacobs

Senior Logistics Manager–(MID00015Y)Your Impact:

What if we showed you how we're solving the world's greatest challenges by transforming intangible ideas into intelligent solutions for a more connected, sustainable world?

Our People & Places Solutions business – reinforces our drive to improve the lives of people everywhere and epitomizes the “why” of what we do – the tremendous positive impact and value our solutions bring to our communities and society as a whole. From facilities delivering life-saving therapies and ensuring clean water to enabling the connection of people through all modes of transportation and providing access to technology – we're integrating a multitude of these solution elements to build the smart environments of tomorrow.

Based in Abu Dhabi, in our Client Site office we have an exciting opportunity for a Logistics professional.

As the Senior Logistics Manager, one will establish and implement effective direction, leadership, systems, methods and procedures to the logistics team in the implementation of the site logistics strategy. In addition, they will participate in or lead in the logistic plan development and implementation and provide guidance on logistic matters to all personnel on site. Must maintain and enforce the Jacobs Beyond Zero safety program

Coordinate with multiple contractors to ensure appropriate scheduling for delivery of materials.

Directs and oversee logistic contractor including their security team, permit office, medical team etc. in all aspects of administration.

Performs resource and delivery forecasting with planning team to allow for logistic strategy update.

Site management of the logistics contractor to update the logistics plan as and when a new route needs to be established on the site including all the required coordination and communication to the various infrastructure contractors working on the project.

Manages with accuracy and adequacy all logistics negotiations and coordination between all parties on site.

Supervise change activity to assure adequate protection of the company

Maintain effective relationships with management, customers, and project/department team members

Performs other related duties as required and assigned

Here's What You'll Need:  
To be successful in this role, you would have the following:  
Ten plus years of related experience

Excellent oral and written communication skills

Advanced MS Office skills

Strong organizational skills

Experience in preparing Logistics Strategy report using Project plans.

BA/BS preferred

Specific experience in logistics/material delivery management/road and traffic management/security management/utilities and small works management preferred

APICS certification a plus
