Senior Logistics Manager Jobs In Ajman Jacobs

Senior Logistics Manager – Strategic Consulting–(MID00024W)Your Impact:

Thriving communities. Healthy cities. A brighter future.

At Jacobs, what we do is more than a job, we work every day to make the world better for all.

In our strategic advisory work, we're empowering our clients to deliver smarter, sustainable, and more affordable solutions for tomorrow. From optimising asset performance to developing robust strategic programs, we work to bind clients' strategies, organization and assets together to reduce risk, improve institutional outcomes and provide a return on investment.

Are you someone who is forward thinking and passionate about identifying solutions which lie outside the box? If so, we'd like you to explore a role in the Solution Centre for Strategic Consulting at Jacobs. Elevate your career with a company that inspires and empowers you to deliver your best work so you can evolve, grow and succeed – today and into tomorrow.

We seek a talented and dynamic Senior Logistics Manager with relevant experience to join our growing Logistics Advisory team and work collaboratively with the Regional Strategic Consulting Teams. As the Logistics manager, you will actively lead day to day responsibilities for project delivery and be experienced in all aspects of logistics management.

Responsibilities:

As a Logistics manager your main responsibility will be to develop Logistics Strategy Plans
Lead key logistics decisions including; Logistics plan preparation, Logistics plan development and implementation

Planning internal and external logistics routes and coordination through the project phases focusing on separation of vehicles, machinery, and people, whilst taking into consideration interfaces with future planned works.

Provide direction and coaching to develop Logistics and Supply Chain team members and contribute to the overall functioning of the Business Group.

Technical leadership on projects as required and direction and input on tenders/bids or proactive client proposals.

Here's What You'll Need:

Here is what you will need:

A degree or professional qualification in Engineering or any relevant specialization.

Professional Memberships are an advantage but not essential (CIOB / CMILT).

Experience in one or more of the following areas: design and implementation of logistics strategy, port and freight master planning, intermodal transport design and optimization, supply chain planning and management processes, supply chain modelling and optimization, procurement maturity assessment, supply chain digitization and supply chain de-carbonization.

Working in a similar capacity and having Consulting experience is an added advantage.

Have an awareness in one or multiple industry standards (e.g. procurement models, design and build standards, maintenance standards, asset management standards, contracts)

Strong analytical and structured thinking, exposure to team work as well as global stakeholder engagement.

Strong research & analysis ability supplemented with excellent report writing capabilities.

Effective communication including presentation and interpersonal skills with the ability to deal with people at all levels professionally.

Jacobs. A world where you can.

From our inclusive employee networks to our positive mental health champions – we are committed to driving a culture of caring where you can be you. Joining Jacobs not

only connects you locally but globally – and together, our diverse perspectives and unique backgrounds power our collective strength.

We collaborate and share! By supporting one another, we all succeed.

With safety and flexibility always top of mind, we have gone beyond traditional ways of working so you have the support, means and space to maximize your potential. You will uncover flexible working arrangements, benefits, and opportunities to do good too – from participating in our global giving and volunteering program, to exploring new and inventive ways to help our clients make the world a better place. No matter what drives you, you will discover how you can cultivate, nurture and achieve your goals – all at a single global company.

Start your Jacobs career with a company that inspires and empowers you to deliver your best work so you can evolve, grow and succeed – today and into tomorrow.
