Company: Robinson Faris Jones - Human Resources (RFJ-HR)

Location: , Dubai, United Arab Emirates

Category: architecture-and-engineering

This well respected European Engineering consultancy have a vast portfolio of designed and delivered projects in the Middle East region and globally. Due to company growth and project workload, this firm are expanding their MEP Design Team and currently seek a Principal Mechanical Engineer to join Dubai team asap. This role, for the right individual will fast track one's career as there is a firm succession plan in place. This individual will report into the Associate and will be responsible for managing client meetings and relationships, have strong design and technical abilities to ensure quality delivery through all stages of design and construction. Team Management and delegation will be required to communicate project deliverables and deadlines to junior team members. Managing external consultants and contractor relationships is key to this role as well. For the right individual this role will grow in responsibility relatively quickly. This person will have a Degree in Mechanical Engineering, have worked in the UAE or GCC for the last 3-5 years and be looking to take the next step in their career. Overall experience will be around 10 years experience. Experience taking projects from concept to completion, building projects of a mixed variety in the UAE/GCC and having managed a small team would be ideal. A can do attitude, client facing presentation ability and strong communication skills to drive and mentor a team. About The Company Robinson Faris Jones - Human Resources (RFJ-HR), is a new bespoke HR and Resourcing Consultancy tailored to giving individuals and companies alike a premier and personal service. Consisting only of Director level personnel, each with over 7 years experience of working within the Gulf Region, we aim to alleviate all the issues and frustrations traditionally associated with using a Resourcing or external HR service. Each

client and candidate is hand picked and dealt with by a Director personally thus ensuring that all parties get the level of service they expect. The industries we specialise in are as follows: Property & Facilities Management Construction Engineering Architecture Civil & Structural Sales & Marketing Business Support Human Resources Aligned with this we also offer a comprehensive range of Training and Development courses in a variety of disciplines. Our Trainers are all professionally qualified in their chosen fields and are available on a short or longer term interim period. Our HR Consultancy service offers industry accredited CIPD & SHRM training for HR professionals with coaching and mentoring for individuals wishing to gain qualifications from these bodies.
