## Requirements

A portfolio of work demonstrating 5+ years of experience in product design that also reflects your ability to think deeply and creatively about design/problems.

Experience designing for mobile apps and an understanding of platform-related best practices and guidelines.

Excellent understanding of hierarchy, typography, and visual balance.

Experience working in cross-functional environments to strategically develop solutions that delight customers and deliver business results.

Ability to keep the end-user in mind throughout the design process, ensuring that the final outcome fulfills their needs and expectations.

Ability to effectively convey design ideas via high-fidelity mockups and prototypes.

Proficiency with Figma for design, prototyping, and collaboration purposes.

Ability to develop and maintain a design system or that promotes consistency and efficiency across multiple projects.
