Category: other-general

Role : Senior Relationship Manager - Corporate Banking Location : Dubai Role

Purpose: To manage an assigned existing portfolio and a list of Target Market potential prospects for acquisition towards achieving financial targets (including but no limit to revenue, new net revenue, volume, cross-sell ratio, ROE, and ROA) and overall customer satisfaction

To be fully involved and primarily responsible for account strategy and business growth Key Accountabilities of the role Relationship management

Manage assigned portfolio with a focus on relationships

Achieve financial targets assigned in line with portfolio handled (e.g. total revenues, revenue from treasury products, revenue from cash management, RORC, etc.)

Ensure regular interaction with clients to address any banking/financial needs and increase ADIB share of wallet

Conduct joint client calls with product partners (CFIB, Treasury, GTS) as per the account plan to identify opportunities to deepen relationship

Work closely with customer service unit to ensure that clients' day to day transaction needs are addressed

Risk management & credit analysis

Assume responsibility for credit risk and day to day management of own portfolio

Conduct due diligence in preparing credit applications including screening against TM & RAC

and prepare green light memos for CRT

Structure facilities that comply with ADIB's credit policy with adequate security/collateral, terms and conditions and profitability (ROA, RORC) in line with thresholds

Negotiate internally and with clients for closure of deals

Ensure fulfilment of all required documentation (incl. insurance) as per the banks credit policies and procedures

Ensure all deferred documentation is obtained on time

Continuously monitor overall performance of company and its industry through the calling process

Execute annual renewals of facilities on time

Monitor and track assigned portfolio on a dynamic basis to recognize problem credits early

Build sector expertise

Understand market and business trends

Develop sector expertise: understand economics of industry, key levers and key products to offer

Ensure that all new deals in discussion are recorded and updated in deals in pipeline report on a weekly basis

Process implementation

Conduct client calls at least quarterly

Document call memos in standard format capturing the contents of the meeting, opportunities for business development, client's financial plan, etc.

Develop account plans for each relationship and use it as a basis for regular client calling; keep account plans updated

Ensure that all new deals in discussion are recorded and updated in deals in pipeline report on a weekly basis

Manage a list of prospects as assigned centrally and ensure that adequate follow up is made leading to new client acquisition

Ensure that all operational issues are addressed to the satisfaction of customers (e.g. establishment of LCs/LGs, disbursement of financing, etc.)

## Compliance

Ensure that activities are in full compliance of group policies and processes including Sharia requirements, Central Bank regulations and other internal Legal and Compliance regulations at all times

Ensure satisfactory internal and external audit ratings
