United Arab Emirates (UAE) Posted 3 days ago Full-time Our data tells a story, and that story is told by our Research Team. Responsible for drawing insights from the emergent venture market data in our platform, they create reports, thought leadership pieces, and data articles that drive investor decisions. Our research drives lead generation and keeps our clients up to date on the venture capital ecosystem trends. Remote working policies Leave increment based on tenure Learning platforms Job Description The reports MAGNiTT's research team produces are used by many of the largest publications, technology corporations, governments, service providers, and investors across MENA and other Emerging Venture Markets: <https://magnitt.com/research> As MAGNiTT looks to further develop its Research content, we are looking for a Senior Research Associate to write research pieces, and extract insights and reports based on MAGNiTT's proprietary startup and venture capital data. This will include research, analyzing trends, and storytelling research content for our clients. As a valued team member, you'll hone your storytelling skills, analytical skills, and tech industry expertise. Core Duties:

- Support and execute the research strategy including content creation, quarterly reports, sponsored reports, and industry notes;
- Analyze trends based on MAGNiTT's data on the global market to provide insights to the different stakeholders within MAGNiTT;
- Create executive summaries for client-paid pieces published quarterly, drawing key insights and analysis from each report;
- Write and edit digestible, differentiated, and incisive content supported by our data about the startup and VC ecosystem;
- Create research notes on insights on the venture capital and startup ecosystem based on industry and country trends;
- Support the Research Team on client projects involving white-labeled

research requests including content gathering, review, and analysis. Job Requirements  
Required skills and qualifications:• 4+ yrs. experience in a research or content writing position;• Experience in qualitative research, writing, and editing white papers, articles, and research pieces;• Conducting Research and analyzing big sets of data;• Experience in building presentations end-to-end;• Analyzing data to derive meaningful insights for clients;• Fluent oral & written English;• Sound editorial judgment;• Excel, Google Slides and slide design proficiency required.Good to have/be:• Bachelor's degree in Finance, Business Administration, Economics, or any related field;• Experience with Data visualization tools (Tableau preferred);• Strong interest in venture capital and startups;• Highly organized and meticulous;• Integrity, you've got the best interests of the company in mind;• Experience in the MAGNiTT Platform and/or other financial databases is a bonus.A 30-minute video call with the hiring manager, where you can describe your background and highlight your strengths. This is a great opportunity to ask about the specifics of the position.Technical AssignmentIn this stage you'll be given an assignment to work on, to present and discuss it with the hiring manager. Each assignment has been specifically designed for the respective position, and aims to assess your technical skills and thinking process.Culture InterviewOur culture is a big part of MAGNiTT. With this in mind, our final stage interview is conducted by our employees.You will meet 3 of our team members, who will assess if you're a good fit for what we're building at MAGNiTT. It's also a great opportunity to ask our employees about how they feel working here.
