Senior Risk Analyst Department: RiskEmployment Type: Full TimeLocation:

RemoteReporting To: Aleksey BalabayDescription

Tabbycreates financial freedom in the way people shop, earn and save by reshaping their relationship with money. Over 10,000,000 users choose Tabby to stay in control of their spending and make the most out of their money.Over 40,000 global brands and small businesses, including H&M, Adidas, IKEA, SHEIN, noon, and Bloomingdale's use Tabby's technology to accelerate growth and gain loyal customers by offering flexible payments online and in stores. Tabby is active in Saudi Arabia, UAE, Egypt and Kuwait and backed by leading investors including Sequoia Capital India, STV, PayPal Ventures, Mubadala Investment Capital, Arbor Ventures and others.Key Responsibilities

Risk Analysis and Mitigation: Conduct in-depth analysis of our credit and operational risk exposure. Develop and implement strategies to mitigate identified risks.

Model Development: Create and refine predictive models for assessing credit risk, fraud, and defaults. Ensure models are up-to-date with market trends and regulatory requirements.

Data Analysis: Utilize big data analytics to identify risk patterns and insights. Develop reports and dashboards to monitor risk metrics and performance.

Regulatory Compliance: Ensure all risk management activities comply with regulatory

requirements and industry standards. Stay updated on relevant regulations and advise on compliance strategies.

Stakeholder Communication: Communicate risk findings and recommendations to stakeholders, including senior management and department heads. Guide risk mitigation measures.

Project Management: Lead risk-related projects, including the integration of new technologies or methodologies into the risk framework.

Continuous Improvement: Continuously seek to improve risk management processes and strategies through innovation and adopting best practices.

Skills, Knowledge and Expertise

Bachelor's or Master's degree in Finance, Economics, Statistics, or a related field.

Minimum of 5 years of experience in risk analysis or management, preferably in the BNPL sector or related financial services.

Strong analytical skills with experience in statistical modeling and data analysis.

Proficiency in risk management software and advanced Excel. Knowledge of SQL, Python, or R is a plus.

Excellent communication and interpersonal skills, with the ability to convey complex information clearly and concisely.

Proven track record of managing projects and leading cross-functional initiatives.

We offer flexible working hours and trust you to work enough hours to do your job well, at times that suit you and your team.

A working environment that gives you autonomy and responsibility from day one.

You should be comfortable with the idea that the quality of your work will influence the shape of your career.

Participation in company's employee stock options program.
