

Senior Scala developer Jobs in Dubai | Scalac

[Apply Now](#)

Company: Scalac

Location: , Dubai, United Arab Emirates

Category: other-general

Description:

It varies and depends on your experience and skills and grows alongside your skills. You can count on regular and open discussions. We take a transparent approach to that matter. Contract of employment is also possible (Poland).

Job Requirements:

At least 1 year of Scala experience

At least 3 years of programming experience

Good programming and testing practices.

Excellent communication skills, so you can communicate well with the technical team and our clients.

English at an advanced level as our clients are from the US (Silicon Valley) and West Europe.

A proactive approach, can-do attitude, growth mindset, problem-solving skills, and being a real team player.

Independence in your tasks and decisions while keeping the rest of the team in mind.
