Description: The IT GRC (Governance, Risk, and Compliance) Senior Specialist is responsible for ensuring that TRANSGUARD's IT operations are aligned with its overall business goals, comply with regulatory requirements, and effectively manage risk. The following are some of the typical roles and responsibilities of an IT GRC Senior Specialist:

Job Responsibilities: Develop and implement IT governance policies and procedures in accordance with ISO 27001, PCI-DSS, EU GDPR, and other best practices.

Collaborate with other IT and business units to establish and maintain a comprehensive IT risk management framework, including risk assessments, risk monitoring, and risk mitigation strategies.

Perform regular audits of IT systems, processes, and controls across all business units to identify potential risks and gaps in compliance.

Maintain up-to-date knowledge of regulatory requirements, standards, and guidelines related to IT governance, risk management, and compliance, and ensure that the organization is compliant with all applicable regulations.

Job Requirements: Proven work experience as ISO 27001 lead auditor and implementer

Solid ability to perform risk assessment

Hands on experience with various technology, including application development tools.

Excellent communication and interpersonal skills #J-18808-Ljbffr
