Senior Statistical SAS Programmer | Fortrea Abu Dhabi

Fortrea (Nasdaq: FTRE) is a leading global provider of clinical development and patient access solutions to the life sciences industry. We partner with emerging and large biopharmaceutical, medical device and diagnostic companies to drive healthcare innovation that accelerates life changing therapies to patients in need. Fortrea provides phase I-IV clinical trial management, clinical pharmacology, differentiated technology-enabled trial solutions and post-approval services. Fortrea's solutions leverage three decades of experience spanning more than 20 therapeutic areas, a passion for scientific rigor, exceptional insights and a strong investigator site network.

As a Senior Statistical Programmer in our sponsor-dedicated Flexible Solutions business unit, you are central to the successful delivery of complex clinical trials (phases I-III) for renowned, innovative and global top pharmaceutical companies. Oftentimes you will have the opportunity to lead studies through various phases of the clinical development plan and support submissions, regulatory questions, publications as well as ad hoc and post hoc requests.
