SENIOR STRUCTURAL ENGINEER Jobs In Dubai | Duncan & Ross Consulting

Apply Also Virtual Assistant Jobs In Ajman | Persona

As a Senior Structural Engineer with Precast Experience at Duncan & Ross you will play a pivotal role in the design, analysis, and execution of precast concrete projects. You will collaborate closely with our multidisciplinary team of engineers, architects, and construction professionals to deliver projects that meet the highest standards of safety, quality, and efficiency. This position offers an exciting opportunity for professional growth and the chance to work on a wide range of challenging and rewarding projects. Apply Also Assistant Resident Engineer – Mechanical Jobs In Abu Dhabi | Parsons Corporation

Responsibilities
Precast Concrete Design: Lead and oversee the structural design and analysis of precast concrete elements, including beams, columns, slabs, walls, and connections, ensuring compliance with relevant building codes and industry standards.

Project Management: Manage and coordinate all aspects of precast concrete projects, from conceptual design to construction documentation and site inspections, ensuring projects are completed on time and within budget.

Collaboration: Collaborate with architects, clients, and other engineering disciplines to develop integrated design solutions that meet project objectives and client expectations.

Quality Assurance: Implement quality control measures to ensure the accuracy and integrity of design calculations, drawings, and specifications related to precast concrete

components. Apply Also Technician-SI (System Integration) Jobs in Dubai | Transguard Group
