Senior Technical DevOps Engineer Jobs in UAE | Emirates Group

For More Top Organization Jobs Click Here

Description:

As a key technologist in the DevOps and Automation team, help drive DevOps and Automation practices at product and program level. Engineers enterprise level technology solutions for CI/CD and Cloud automation through infrastructure as code, containerisation and config management. Ensure robust Cloud engineering and DevOps practices for solution planning, technology development, deployment, release, hyper-care and operations of technology solution.

Job Responsibilities:

Lead the discovery phase of Cloud adoption/ migration by partnering with the Architects and Security to strategize well defined DevOps and Cloud engineering architectures.

Lead the automation of change management, building resiliency, monitoring, capacity planning and emergency response for set of products that you are responsible for.

Act as a lead for service reliability, scalability and performance for a set of products as part of system enablement team for Agile release trains. Primary lead who identifies and improves the lifecycle of products/services by addressing flow of value through the continuous deployment pipelines.

Review deployment and operational environments, i.e., execute initiatives to reduce failure, troubleshoot issues across the entire infrastructure stack, expand monitoring capabilities, and

manage technical operations.

Job Requirements:

Degree or Honors (12+3 or equivalent) in a relevant field such as Computer Science, Computational Mathematics, Computer, Engineering or Software Engineering.

5+ years of total IT experience in DevOps implementation and Cloud Computing/Migration (AWS, Azure, VMware, GCP) and Systems Administration, that includes a minimum of 2-3 years of working experience in one of the following:

Enterprise level IT projects Cloud based technologies: PaaS, IaaS, and DevOps implementation (Git, Git Branching Strategies, Jenkins, Artifact Repository, Maven/Gradle/NPM, Docker, Shell Scripting, Python, Groovy, Go)
