Mode of hiring/Duration: 2 months Extendable

Location:Offshore// Work from Home// Must be available asper UAE timing

Job Description:

Senior Test Engineer – Trade Finance

**Test Planning:** Develop test plans, test cases / user stories, and test scripts for documentary credit trade finance software based on BRDs and FSDs.

**Execution:**Execute manual and automated tests (as applicable) to verify the functionality and performance of trade finance applications.

**Documentation:**Maintain detailed records of test results, defects, and test coverage.

**Defect Management:**Report and track defects, work with technology partners to resolve issues, and retest after fixes.

**Regression Testing:**Conduct regression testing to ensure that new developments do not negatively impact existing functionality.

**Compliance:**Ensure that trade finance software complies with industry standards, regulations, and best practices.

**Collaboration:**Work closely with cross-functional teams, including Project Management, Technology, Business Analysts, Quality Assurance teams, etc.,

**Reporting:**Provide test status reports and communicate testing progress to stakeholders as applicable.

**Continuous Improvement:**Identify opportunities for process improvements in the testing

lifecycle.

Domain Knowledge: Stay updated on documentary credit trade finance trends, regulations (GCC), and industry changes.
