

Senior UIUX Designer

[Apply Now](#)

Company: Noon Dubai

Location: dubai

Category: other-general

Roles & responsibilities Translate concepts into user flows, wireframes, mockups and prototypes that lead to intuitive user experiences. Facilitate the product vision by researching, conceiving, sketching, prototyping and user-testing experiences for digital products. Design and deliver wireframes, user stories, user journeys, and mockups optimized for a wide range of devices and interfaces. Identify design problems and devise elegant solutions as per new trends to continuously improve the user experience. Make strategic design and user-experience decisions related to core, and new, functions and features. Take a user-centered design approach and rapidly test and iterate your designs. Engage in product brainstorming sessions to provide design input from customer point of view. Collaborate with other team members and stakeholders to regularly deliver design solutions as per timelines.

Preferred Qualifications At least 5 years of UI/UX design experience. Preference will be given to candidates who have experience designing complex solutions for customer facing tech first app based companies. Experience in designing highly interactive mobile applications & responsive design. Proficient in the required tools of trade like Figma, Adobe XD, Illustrator, Photoshop etc. Have contributed in the launch and complete lifecycle of high scale products. Have knack of user experience and journey. Ability to multitask in a highly energetic, fast paced environment. Excellent written and verbal communication skills.

Accountability and Ownership: Self-driven individual who can build and maintain high scale projects end to end. Skills in Illustrations and Animations would be an added advantage.
