Company: JUMBO MANPOWER SERVICES L.L.C

Location: dubai

Category: other-general

Manage and support server infrastructure, including hardware, operating systems, and software applications. Install, configure, and maintain server hardware and software to ensure optimal performance and security. Monitor server performance and troubleshoot issues to identify and resolve problems in a timely manner. Implement and maintain backup and disaster recovery solutions to ensure data integrity and availability. Document server configurations, procedures, and issues to maintain an accurate and up-to-date knowledge base. Stay current with industry trends and advancements in server technology to identify opportunities for improvement. Continuously optimize server performance and reliability through proactive monitoring, tuning, and capacity planning.
