Category: other-general

1- Service Engineer Maritime

Job: Full Time

Location: Dubai, UAE

Description:

Liebherr Middle East FZE is responsible for sales and service of construction machinery and maritime cranes of the Liebherr Group in the Gulf region. This includes specifically mobile and crawler cranes, the complete range of earthmoving equipment, tower cranes and concrete equipment, duty cycle crawler cranes as well as material handling equipment in the maritime field.

Job Responsibilities:

Assembly and commissioning of new machines.

Repair literally any part on cranes, either on the company's yard, in the workshop or in the field.

Repair or replace damaged or worn parts.

Operate and inspect machines in order to diagnose defects.

Job Requirements:

Ability to multi-task while completing work in a competent and professional manner.

At least three years of experience as technician in the crane business.

Excellent communication skills in English (written and spoken).

German language would be an advantage.

Cooperate with all levels of staff.
