Description:

As an Associate Service Technician, you will carry out a wide range of technical vehicle repairs, both with and without supervision, as well as focussing on the continuous development of your technical skills. We've created one of the most innovative vehicles ever made, and you will help ensure an equally innovative service to customers.

Job Responsibilities:

Demonstrate a basic understanding of Tesla vehicle systems and subsystems

Clean and detail vehicles when needed, inspecting vehicles prior to customer delivery either after a completed service or the delivery of new cars

Work across teams, engaging with other technicians and service center staff to solve problems and establish best practice

Follow all Tesla specified repair guidelines to the accepted quality levels, following safety instructions at all times

Job Requirements:

Education in a mechanical or electrical-related discipline or equivalent technical work experience from automotive industry or a related industry (Aeronautics, Engines, Electrical, Marine, Aviation, other mechanics or industrial mechanic etc.)

Ability to learn and adapt to a changing environment while delivering on performance KPIs
