Site Reliability Engineer Jobs In Abu Dhabi | Energy Jobline

Description

We are looking for a well-organized site engineer with strong leadership skills to join our growing team. The site engineer's responsibilities include managing different parts of construction projects, supervising crew members, preparing estimates for time and material costs, completing quality assurance, observing health and safety standards, and compiling reports for different stakeholders. You should be able to work alongside various professionals and create work schedules that meet deadlines.

Requirements:

Bachelor's degree in engineering, construction, or similar.

A driver's license.

Experience in a similar role.

Additional certificates or licenses may be required.

Sound knowledge of Engineering, construction, and design.

Great leadership and organizational skills.

Superb project management skills.

Ability to apply logical and critical thinking skills to projects.

Great written and verbal communication skills.

A willingness to learn.
