Snr Data Quant & Developer (VP, Dir), UAE

Unites Arab Emirates Ref: DQS-1110 Superb Tax Free Package Large Investment Manager Python, Data Applications, Alternative Data/AI, Market Data, etc.

This large Asset Manager, based in the Emirates, has strong commitment to leveraging market innovations in technology and data to deliver high-quality returns. They want to crack the hardest challenges in systematic investing and they're seeking (all levels) scientific minds, those with a passion for rigorous research, those with exceptional skills in technology and development, and those who approach problem solving with curiosity and persistence.

To that end, they now seek a senior Data Quant Developer for their Data Curation team who conduct: mapping, dataset creation for financial markets investing & trading groups.

You will need very strong, hands-on experience of developing of Data applications. (No specific platform, just general stitching Data together using pipelining tools, transforming data, designing for scalability)
