Snr Market Data SME, Systematic Equities (Dir), UAE

**Unites Arab EmiratesRef: SMDS-1110 Superb Tax Free PackageLarge Investment Manager
Market Data, Tools, Low-frequency Systematic Equities, Python, SQL**

This large Asset Manager, based in the Emirates, has a strong commitment to leveraging market innovations in technology and data to deliver high-quality returns. They now seek a Senior Market Data Specialist to assist with managing and improving their global data sets for their low-frequency global equities investing and be part of a dynamic, collaborative investment team.

KEY RESPONSIBILITIES;

Act as the subject matter expert (SME) for financial market data from multiple vendors in a team that builds fully automated trading systems that execute across the world markets.

Address major data issues such as those related to data quality, inconsistencies, and availability.

Lead the development, maintenance, and enhancements of in-house tools and platforms for processing, monitoring, and researching market data.

Establish processes to ensure high data quality and availability in a systematic setting.

KEY SKILLS & EXPERIENCE:

8 years' experience working with several financial Market Data vendors (e.g., FactSet, MSCI, Bloomberg, etc.) and some experience within a systematic, buy-side environment.

Extensive hands-on experience working with of large-scale, resilient market data systems.

Deep understanding of financial market data, including its monitoring, quality checking, and analysis.

Masters in scientific discipline from a top university

Strong Python and SQL is required
