SOC Manager | Fintech | Dubai

[Apply Now](#)

Company: Reqiva

Location: dubai

Category: other-general

SOC Manager | Fintech | Dubai We are presently seeking a SOC Manager to join an outstanding, global client of ours. The role will be based in Dubai but could involve some global travel to other offices. The role will be responsible for establishing and executing a comprehensive SOC strategy across a global business employing more than 1500 staff across 20+ offices. To be considered for this role you will need to be a hands-on manager and have a minimum of 10+ years work experience and 5+ years of SOC Management Experience. You will have a deep passion for cyber security. Your knowledge will encompass Linux System Administration, Cloud Tech, Penetration testing and Database administration. If you have experience of coding, sys admin or security research, this would be highly advantageous. Our client offers excellent benefits including a competitive salary, Bonus scheme, Visa, relocation assistance as well as many other added benefits. To be considered for this exciting role and for more info, apply now!
