Software Development Engineer Jobs in Dubai | Amazon Careers

Description:

As a Software Development Engineer, your responsibilities range from reviewing product requirements and designing the software architecture that fulfils them, to translating the requirements to engineering tasks and implementing them. You will be responsible for delivering production-ready code that will be used by hundreds of millions of Amazon customers. Working side-by-side with other engineers, UX designers and product managers, you will own the end-to-end Gifting experience.

Job Requirements:

Bachelor's degree in computer science or related technical field or equivalent work experience

4+ years of professional Software development experience using Java, C#, C++ or other similar object oriented languages

Knowledge of CS fundamentals including data structures, algorithms, and object oriented design

Desire to work in a diverse and collaborative team environment

#J-18808-Ljbffr
