Software Engineer II – Flutter | talabat Dubai

When you think of food delivery in the MENA region, we'd be pretty surprised if talabat didn't pop into your mind first! Since delivering our first order in Kuwait in 2004, we've grown quite a lot over the past 17 years.

We find that engineers seeking to understand our product and business better understand the context of their work, which helps them to innovate, deliver more value to their customers and find more purpose in their work

.Software Engineer II – Flutter | talabat Dubai | Apply Now

Role Summary

Alongside your cross-functional team (engineering, product, data), participate in continuous discovery of your customer/business needs/desires/problems to drive desired outcomes

Design, write and release software as a solution to an end-to-end problem in your business domain and deliver value in small batches in accordance with our engineering standards

Understand scalability & complexity of your services and own & innovate the entire SDLC

Mentor and inspire other engineers and continually optimize your team's practices to develop it into a self-organized, continuously improving unit

Critically question and simplify our tech org systems/processes and solutions.

Don't miss out on this exciting opportunity – apply now at dubaiofferz.com
