Solutions & Innovation Manager Jobs in Abu Dhabi

Description:

In this role, you will be the Product Owner responsible for evolving and administrating the Revenue Management (RM) & Offer optimization ecosystem. You will design and implement processes, systems, and analytical models in areas of pricing, ancillaries, demand forecasting, inventory optimization and revenue integrity to drive incremental revenues and improve business team efficiency.

Responsibilities:

a-Lead transformation initiatives that deliver revenue uplift for Etihad, for all phases of the projects – ideation, building the models, converting models into solutions, conducting successful implementation and change management of the solution.

b-Ensure effective engagement between Solutions & Innovation team, market management, DTI, and relevant stakeholders to define the priorities of product road map and deliver product roadmap as per the plan to deliver revenue benefits.

c-Drive best practices of project management to mitigate project risks and deliver the key initiatives as per the plan for the realization of business case benefits.#J-18808-Ljbffr
