[For More Top Organization Jobs Click Here](#)

Description:

We are looking to Recruit a specialist / Commercial & Contract Management for our business division at our Head Office in Dubai. This position is reserved under Emiratization and hence we are looking only for UAE national candidates for this position.

Responsibilities:

- Implement governance measures, plans, and coordinate initiatives across the entire department in order to ensure adopting best-in-class solutions, while achieving the best value for Etisalat and Business customers.
- Actively participate in the evaluation and benchmarking of new products, in coordination with other stakeholders, to ensure fulfilling Etisalat customers requirements.
- Work with other stakeholders for the preparation of scope of work and specifications

documents for department tenders, ensure opting the latest specifications and technologies, while covering all requirements.

- Coordinate obtaining Business management approvals for issuing tenders, and coordinate with P&C Department for floating the requirements.
- Conduct market research for qualifying and onboarding new partners, system integrators, and vendors, to strengthen Etisalat business offerings portfolio, and enhance competition landscape, for the benefit of Etisalat and its business customers.

Requirements:

Bachelors in Business / Telecom / Engineering / IT or equivalent

**MUST HAVE** – 5+ years of experience in Commercial and contract management in Telecom industry

**Nice to Have** – 7+ years experience in commercial and contract management in Telecom industry
