

## Specialist Dermatologist

[Apply Now](#)

Company: MEONE MEDICAL CENTER

Location: Dubai

Category: other-general

**Patient Evaluation and Diagnosis:** Conduct thorough assessments of patients' skin conditions, including physical examinations and medical history reviews. Order and interpret diagnostic tests, such as skin biopsies, allergy tests, and skin cultures, to confirm diagnoses. Formulate differential diagnoses and develop individualized treatment plans based on clinical findings and diagnostic results.

**Medical Treatment and Management:** Prescribe medications, topical treatments, and oral therapies to manage dermatological conditions, such as acne, eczema, psoriasis, and skin infections. Monitor patients' responses to treatment and adjust therapy as necessary to achieve optimal outcomes. Provide counseling on medication use, potential side effects, and adherence to treatment regimens.

**Procedural Skills:** Perform dermatological procedures, including skin biopsies, excisions, cryotherapy, electrosurgery, and laser therapy. Administer injectable treatments, such as botulinum toxin injections and dermal fillers, for cosmetic and therapeutic purposes. Conduct minor surgical procedures, such as mole removals and skin cancer excisions, using aseptic techniques and appropriate anesthesia.

**Cosmetic Dermatology:** Offer cosmetic dermatology services, including chemical peels, microdermabrasion, laser resurfacing, and hair removal treatments. Evaluate patients' aesthetic concerns and develop personalized treatment plans to address wrinkles, pigmentation issues, and other cosmetic concerns. Provide pre-operative and post-operative care for patients undergoing cosmetic procedures to ensure optimal outcomes and patient satisfaction.

**Patient Education and Counseling:** Educate patients about their dermatological conditions, including causes, triggers, and treatment options. Offer guidance on skincare practices, sun protection measures, and lifestyle

modifications to promote skin health and prevent future problems. Address patients' questions and concerns in a compassionate and supportive manner, fostering open communication and trust. Collaboration and Referral: Collaborate with other healthcare professionals, such as primary care physicians, oncologists, and plastic surgeons, to coordinate comprehensive care for patients with complex dermatological conditions. Refer patients to specialists for further evaluation or treatment of conditions beyond the scope of dermatology, such as autoimmune disorders or systemic diseases affecting the skin.
