Description:

We are looking for a detail-oriented Pain Medicine Specialist to be responsible for the care and comfort of our patients before, during, and immediately after medical and surgical procedures. The specialist is responsible for monitoring patient health through the administration of anesthesia and other medication.

Responsibilities:

Meeting with patients before medical procedures to discuss their medical history and lifestyle.

Assessing patients' conditions through analysis of medical history.

Explaining to patients the surgical process.

Administering anesthesia and monitoring patient vital signs during medical and surgical procedures, and making appropriate adjustments in anesthesia to ensure patient comfort.
