Sr. Offensive Security Consultant | Ingram Micro Jobs in Dubai 2022

Description:

In this role “Sr. Professional, Offensive Security Consultant”, you enhance the sales of offensive security services by offering cyber security assessments to support channel partners and assist sales team to up- & cross sell designated services and products.

Responsibilities:

Perform network penetration, web and mobile application testing, source code reviews, threat analysis, wireless network assessments, configuration assessment and review, architecture review, social-engineering assessments, red teaming assessment.

Develop comprehensive and accurate reports and presentations for both technical and executive audiences.

Effectively communicate findings and strategy to client stakeholders including technical staff, executive leadership, and legal counsel.

Requirements:

You have at least 7+ years of experience within offensive security – web application security tests, network penetration, configuration assessment, red teaming.

You are experienced with programming languages such as Python, PHP, .NET, Java and Ruby

Experience with identifying, exploiting, and mitigating security vulnerabilities in operating systems, network, and web applications.
