Company: LI Oefentherapie

Location: , , United Arab Emirates

Category: management

About the Role Oracle Cerner is looking for a Staff Consultant to join the Consulting team in ITWorks Middle East. The candidate should have experience with Millennium Pharmacy solution. This is an exciting team that looks to push the boundaries of what can be done and is part of the wider organization of Oracle Cerner Consulting. You will be part of a dynamic team in which collaborative working will be paramount. As well as delivering value to clients, you will be expected to contribute and identify areas for process improvement internally. As a Consultant you will be advising clients on workflows across service lines and guide them through interdependencies and design decisions impacts. Working with the client, you will be creating a strategic plan to obtain value achievement across service lines and identify workflow and process improvements, making recommendations to both client and project leadership. Your role will involve driving cross-functional collaboration with internal stakeholders to identify and propose solution enhancements, workflow efficiencies and client relationship strategies. You will be responsible for support and coaching of internal team members, driving internal initiatives in alignment with our organizational placement and acting as an advisor for complex sales opportunities. If you're out to change the world in ways that matter, we want to hear from you. As an Oracle Cerner associate you will be joining an inclusive, social and innovative workplace that has a strong emphasis on developing talent and promotion from within. You will be rewarded for your hard work with a competitive salary and a host of additional benefits.
