Provide care to patients on primary inpatient cardiology service on a rotating schedule among 6 consultants.

Provide care for patients on a consultative service a few weeks a year.

Interpret noninvasive cardiac studies, including transthoracic echocardiography, stress tests, stress echocardiography, and ambulatory blood pressure monitoring.

Perform and interpret transesophageal echocardiography.

Provide outpatient care to patients in cardiology clinic.

Supervise and teach cardiology fellows, medicine residents, and medical students rotating on cardiac services.

Prescribes or administers medication, therapy and other specialized medical care to treat or prevent illness, disease or injury.

Supplies and provides care in a culturally appropriate and sensitive manner.

Follows ethical and regulatory guidelines.

Takes part in administrative functions that ensure the continued operations of the clinical environment, such as committees, task forces and performance improvement measures.

Adheres to individual approved clinical privileges, as well as to all policies and procedures of the Medical Staff.

EXPERIENCE REQUIREMENTS

Physicians from Tier 1 countries, not less than two years additional experience post qualification

Must hold a valid License/ Registration to practice in their home country and/or country of last employment (where applicable)

Should meet the Maintenance of Certification requirements (where applicable)

Demonstrated ability to effectively manage a team of health care professionals.

Ability to establish and maintain effective working relationships with patients and staff

Ability to speak and write in English is required.

Ability to speak and write in both English and Arabic is preferred.

EDUCATION REQUIREMENTS

MD, MBBS, MBChB (only if the specialization is obtained from one of the following: American Board of Medical Specialties or Certificates of Specializations of the Royal College of Physicians and Surgeons of Canada) or equivalent qualification from an accredited Institution and completion of specialty qualification as per the Recognized Specialty Certificate table listed in Department of Health Professionals Qualification Requirements Cleveland Clinic Abu Dhabi

Cleveland Clinic Abu Dhabi

Cleveland Clinic Abu Dhabi is located on Al Maryah Island, the heart of Abu Dhabi's new central business district. It shares the island with a hotel, stock exchange, and office buildings. Access to the island is by multiple bridges to the mainland. Cleveland Clinic Abu Dhabi is a unique and unparalleled extension of the Cleveland Clinic model of care, providing a spectrum of specialty services that are designed to cater to the healthcare needs of Abu Dhabi and the region.

One of the objectives of Cleveland Clinic Abu Dhabi is to address the needs of patients currently traveling abroad for treatment. Like its counterpart in the United States, Cleveland Clinic Abu Dhabi is a physician-led medical facility, served by Western-trained, North American board-certified (or equivalent) physicians.

Ownership

Cleveland Clinic Abu Dhabi is one of a number of initiatives led by Mubadala Healthcare.

Estimated Service Area

This strategically located multi-specialty tertiary care facility with adjacent clinic houses five clinic floors, three diagnostic and treatment levels, and thirteen floors of critical and acute inpatient units totaling beds (expandable to). Additional space has been incorporated for operational and support departments, retailers, a conference center, and a high-fidelity clinical simulation center. Cleveland Clinic Abu Dhabi hosts the latest technologies in surgery, imaging, telemedicine, and electronic medical records, integrating systems in a manner that is first of its kind in the country and the Middle East healthcare region.

State-of-the-art imaging equipment like CTs, MRIs, and procedural suites, along with technologically advanced and modern patient rooms, serve local and international patients in an environment that combines excellent amenities with world-class medical care.
