Steam Application Engineer | Atlas Copco Group Abu Dhabi

Atlas Copco Group enables technology that transforms the future. We innovate to develop products, services and solutions that are key to our customers' success. Our four business areas offer compressed air and vacuum solutions, energy solutions, dewatering and industrial pumps, industrial power tools and assembly and machine vision solutions.

Our solutions are a key part of most industries – electronics, medical research, renewable energy, food production, infrastructure and many more. Working with us means working with the latest technologies and groundbreaking, sustainable innovations.

Steam Application Engineer | Atlas Copco Group Abu Dhabi | [Apply Now](#)

Minimum of 5 years of experience in steam sales and steam applications

Strong technical background with the ability to engage in detailed technical discussions

Experience collaborating with sales teams and technical stakeholders

Experience with other temperature control systems is a plus

Excellent communication and presentation skills

Educational Requirements

Bachelor's degree in mechanical engineering or a related field is preferred

Personality Requirements

A customer-centric individual who understands customers' needs and seeks to fulfil or exceed expectations

A team player and natural diplomat who interacts and unites team members, customers, and all stakeholders

A methodic and structured achiever who can plan, organize, prioritize, assess, adapt and deliver the promise

A resilient person who can cope with change in an ever faster-moving digital landscape and who can spread this attitude of self-sufficiency

An innovative “there is always a better way” person with a positive, flexible and responsive mindset who embraces and promotes digital transformation (regardless of age)

Open-minded with a global mindset, curious to understand and learn new perspectives

A person who complies with our DNA: Commitment – Interaction – Innovation
