Summer 2024 Internship

[Apply Now](#)

Company: Oakwood Village

Location: Abu Dhabi

Category: healthcare-practitioners-and-technical

Macmillan Publishers is currently offering paid, part-time & full-time, remote internship opportunities for Summer 2024. Internships in our Shared Services division will be available in areas such as: Legal, Human Resources, and DEI. Internships in our Trade Publishing will be available in areas such as Editorial, Marketing/Digital Marketing and Central Marketing, Publicity, Art & Design, Sales, Managing + Production Editorial, Trade Production (Adult & Children's), Publishing Operations, Subsidiary Rights, Audio, and Author Events. Interns in our program will become familiar with the basic structure of the department/team and gain a general understanding of the key roles the particular trade/shared services function plays in a publishing house. Interns will be provided with the opportunity to participate in job-related assignments, gain practical work experience, and network with employees from various departments — all virtually.

Interns will work **no more than 40** hours per week. Internships start on June 3, 2024 and will continue through August 23, 2024. If needed, there may be some flexibility in regards to the duration of the internship.

The Macmillan summer internship program is available to candidates who have graduated high school, are over the age of 18, are eligible to work in the U.S. and aspire to pursue a career in the publishing industry. Applicants who identify with groups that are traditionally underrepresented in the publishing industry [including but not limited to: BIPOC, LGBTQIA+, veterans and people with disabilities] are strongly encouraged to apply.

Intern Project:

All interns will participate in our fourth annual summer intern project. In teams of 6-9, interns

will be asked to develop a cohesive plan and presentation in response to an assigned publishing-related topic or issue facing the business today. Interns will attend workshops hosted by internal employees to help inform their projects as well as to delve deeper into the field. Teams will also work closely with their assigned employee mentor to guide their project and provide insightful feedback as the project progresses. At the conclusion of the internship, each team will present their project to a panel of judges. Please note that the intern project will kick off during the second week of the program (June 10) and the final presentations will take place during the first two weeks of August.

Application Information:

In addition to a cover letter, please include in your application a document answering the following prompts (250-750 words total):

Why are you interested in working at Macmillan?

Whether it's a specific experience, skill, or interest, how do you think you'd most contribute as a team member in this program?

Please note: If you do not submit all **three documents**(resume, cover letter and requested prompts), your application will not be considered.

* If applying to art/design internships, please attach your portfolio as a PDF.

Thanks and we look forward to receiving your application!
