Description

We are searching for a skilled thoracic surgeon to join our excellent medical team. The thoracic surgeon will be tasked with treating various conditions related to the heart, blood vessels, lungs, and esophagus. You will also prepare patients for transplants, remove tumors, and provide quality aftercare. You should be comfortable working in a team.

Responsibilities

Analyzing patient histories and performing consultations and tests prior to surgeries.

Treating heart, lung, esophageal, and blood vessel conditions.

Performing a variety of surgeries, including transplants and tumor excisions.

Consulting with other physicians and specialists.

Determining all the risks associated with the surgery and clearly explaining them to the patient.

Addressing all patient concerns and answering their questions to the best of your ability.

Keeping up-to-date with advancements in thoracic surgery and the broader medical

field.

Scheduling follow-up consultations to change dressings, remove sutures, and monitor patients' well-being.

Requirements

A doctorate in medicine, with a specialization in thoracic surgery.

A relevant license and certificate.

A completed residency and several years of experience.

Excellent analytical, problem-solving, and critical thinking skills.

Published research and other evidence of academic work would be advantageous.

A keen eye for detail.

A willingness to assist other physicians with their cases, wherever possible.

The ability to work independently as well as part of a team.

A growth mindset and commitment to ongoing learning.
