Responsibilities

Constantly changing regulatory environments have led to rapid growth in the area of transfer pricing. EY is a leader in synthesizing global developments and advising our clients. You'll see that reflected in your career, as you'll be working with prestigious global clients at the leading front of economic analysis. Whether you've built your skills in another global organization, you're approaching this from an industry perspective, or you've recently completed a B.A., master's or PhD and are interested in applying your analytical skills, you could really shine here.

Requirement

You'll be heavily involved at all stages of the project life cycle, making this a high-profile

opportunity to take on a wide range of responsibilities and diversify your skills and experience. It's all about translating information from a variety of sources into quantitative and qualitative analyses to inform and advise our clients. That will include building relationships with clients in a spectrum of industries and getting to know their unique needs and aspirations to provide tailored global services. It will also mean demonstrating your leadership by supervising multiple transfer pricing engagements and contributing to the delivery of quality tax planning services for our diverse clients.
