### Urban Strategist Jobs In Dubai | AECOM Energy

#### Description

Our clients trust us to bring together the best people, ideas, technical expertise and digital solutions to our work in transportation, buildings, water, the environment and new energy. We're one global team – 47,000 strong – driven by a common purpose to deliver a better world.

#### Responsibilities

Work closely with Director – Urbanism +Planning to grow AECOM ME's capabilities in introducing urban data analysis (both pre-computed analysis & generative modelling), building digital twins and other related technologies.

Provide detailed and specific advice regarding the application of Urban AI specialism to the U+P AECOM's planning and operations.

Actively maintain knowledge in one or more identifiable specialisms.

Consulting across business operations, providing upskilling strategies, and contributing towards specialized knowledge

Where appropriate, collaborate with other specialists to ensure the advice given is appropriate to the needs of the project.

Knowledge of systems and software engineering to optimally integrate Urban AI expertise in urban scale project workflows and deliverables

Recommending technical solutions and determining platform development requirements

(outline workflows, parameters for testing & define KPIs) and establish strong partnerships with third-party service providers

## Requirement

Ensuring accurate representation of Urban AI expertise prior to the distribution of technical solutions and communication with both internal team and clients

Excellent recordkeeping, as well as written, graphical, and verbal communication skills

Advanced ability to recommend and implement technical recommendations for cross-functional business development

Leadership and mentorship abilities to introduce and implement technical solutions

Ability to stay organised while balancing multiple projects and priorities

simultaneously

Technical/ Functional Competencies: Urban Design and Planning

thinking

Data Science and Analysis Capabilities

Software

Programming Software: ArcGIS/ QGIS, Adobe Suite (Photoshop, InDesign, Illustrator),

Rhino/ Grasshopper

Programming Languages: Python, JavaScript, HTML, Ruby, R Programming
