Urgent Power Electronics Engineer Jobs in Abu Dhabi

Responsibilities:

The person required for this role will be responsible for the design and test of power solutions for our products.

The daily tasks will include selection of components for power conversion, optimizing power transmissions, designing for acceptable EMC, and defining the electrical harness of complex systems.

The main tasks will be conducted in professional manner while considering the need to meet tight deadline and stringent requirements.

Requirements:

Minimum 5 years' experience in AC/DC power electronics design, development, and testing.

A BSc degree in power electronics/Electrical/Electrical machine or related degrees.

3 years of experience in the design of power converters such as AC/DC, DC/AC and DC/DC.
