We are WSP Join us and make your career future ready! Think bigger scale. Think higher profile. Think groundbreaking. Join WSP and you'll be at the heart of a team of international experts all dedicated to growing and sharing their expertise and working on projects that transform society for all of us. We are seeking an experienced Utilities Coordinator with a minimum of 10 years of relevant experience in the construction industry to join our team for a major construction project based in Abu Dhabi. As a Utilities Coordinator for an infrastructure construction project in Abu Dhabi you will be responsible for overseeing and coordinating all utility-related activities throughout the project lifecycle. With your 10 years of experience in the field you will play a crucial role in ensuring the successful execution of utilities installations and operations. Your new role what's involved As a Utility Coordinator you will play a pivotal role in ensuring the efficient coordination and management of utility aspects within our infrastructure projects in Abu Dhabi. The ideal candidate will have a strong background in road bridge highway tunnel or similar projects and possess hands-on experience in utility coordination. Responsibilities: Utility Coordination: Lead and oversee the coordination of utility activities related to road bridge highway and tunnel projects. Project Planning: Collaborate with project managers and engineers to integrate utility plans into overall project plans ensuring alignment with project timelines and objectives. Compliance: Ensure compliance with local regulations standards and codes related to utility installations and relocations in Abu Dhabi. Stakeholder Engagement: Act as a liaison between the project team utility companies government authorities and other stakeholders to facilitate smooth communication and resolve any coordination issues. Risk Management: Identify potential risks associated with utility

coordination and develop mitigation strategies to minimize project disruptions. Documentation: Maintain accurate and up-to-date records of utility coordination activities, approvals and any changes to utility plans. Quality Assurance: Implement quality control measures to ensure that utility installations meet specified standards and project requirements. Consultancy Expertise: Leverage your consultancy experience to provide valuable insights and recommendations for optimizing utility coordination processes. Abu Dhabi Experience: Apply your knowledge and understanding of local conditions, regulations and best practices in Abu Dhabi to enhance the success of infrastructure projects. Team Collaboration: Work closely with multidisciplinary teams including engineers, designers and project managers to achieve project goals and objectives. We'd love to hear from you if you have: Bachelors degree in Civil Engineering, Construction Management or a related field. Proven experience in utility coordination within the context of road, bridge, highway, tunnel or similar infrastructure projects. Familiarity with Abu Dhabi's regulatory environment and experience working on projects within the region. Strong communication and interpersonal skills for effective stakeholder management. Ability to identify and solve complex problems related to utility coordination. Detail-oriented with excellent organizational and documentation skills. What's in it for you? As well as rewarding you with competitive pay, WSP offers standard benefits including first class medical cover, generous annual leave and paid professional subscriptions. Be you, be happy - we strive to have a friendly and inclusive culture which respects and maximizes the contribution individuals can bring to WSP. We recognise the benefits that people with varying backgrounds and experiences can bring. Here at WSP we positively encourage applications from suitably qualified and eligible candidates regardless of sex, race, disability, age, religion or belief, marital status, pregnancy or maternity/paternity. We will interview all disabled applicants who meet the essential criteria. Apply now and be the future of WSP! WSP is one of the world's leading engineering professional services consulting firms. We are dedicated to our local communities and propelled by international brainpower. We are technical experts and strategic advisors including engineers, technicians, scientists, architects, planners, surveyors and environmental specialists as well as other design, program and construction management professionals. We design lasting solutions in the Property & Buildings, Transportation & Infrastructure, Environment, Industry Resources (including Mining and Oil & Gas) and Power & Energy sectors as well as project delivery and strategic.
