Description:

Trans Skills is a trusted advisor to many of the Middle East's most respected organizations and a leading Human Resources Services Firm with an International Network active in 55 countries. Our clients range from the largest corporations to emerging growth companies and government bodies. We work at the highest levels of leadership to create tangible and enduring business impact.

Responsibilities: Lead the design of rich functional prototypes using white board brainstorming, mockups and interaction requirements while working with multiple parties. Be able to rapidly prototype web portal and mobile application solution design, look, feel and aesthetics.

Lead service design workshops with internal business groups and external users.

Manage the relationship with the internal and external creative and development teams on the design of the web and mobile solutions in accordance with best practice guidelines

Collaborate with the Architects and Development teams on frontend integration strategies

Capable of converting mockups into working interactive HTML

pages. Requirements: Minimum 5 years of relevant experience required.

Strong knowledge of Adobe XD, HTML, CSS & Java Script. #J-18808-Ljbfrr
