Category: healthcare-practitioners-and-technical

An exciting and challenging role has come up with a well-renowned LNG ship management company within the LNG sector.

This is an opportunity to be part of a dynamic team that is being strengthened due to continuing fleet expansion.

Location: Dubai, United Arab Emirates

Position: Technical Superintendent

Salary & Benefits

Attractive Tax-Free salary, to be negotiated

Comprehensive benefits package offered

The Role

Technical supervision of assigned vessels, dealing with routine and non-routine maintenance and repair.

Authorising and supervising supply of spare parts, stores and services.

Attending vessels worldwide to supervise schedules

Monitoring the arrival and departure of LNG vessels including the berthing and mooring operations.

Monitoring vessel condition and ships staff compliance with management policies, international, state and local regulations through regular ship inspections

Assist in preparing vessel-operating budgets.

Monitoring and controlling operating costs within agreed budgets.

Preparation of the major repair specification

Prepare monthly Planned Maintenance Status Report.

Supervision of the major repair periods at the chosen shipyard, administer guarantee claims on ship builders.

Collate routine monthly technical reports received from the vessels.

Distribute routine technical and class reports to the vessels.

Work on longer-term projects e.g., planned maintenance systems and capital projects.

Response and follow-up to vessels technical correspondence.

Handling of hull and machinery insurance matters for each vessel.

Review Engineering staff appraisals

Interviewing prospective senior engine room staff.

Brief/de-brief and appraise Chief Engineers.

Provide support in all aspects of ship operation, including cargo work, manning, as well as M & R.

Work closely with and provide engineering advice to the fleet team.

Carry out and assist as required with risk assessment procedures and accident / incident investigations and prepare reports.

Attend weekly Department and Company meetings.

Requirements

Self-motivated team player

Good communication and inter-personal skills

Good time management skills

Adaptable and flexible

Certificate of Competency Class 1

Senior officer position at 1st Assistant or higher

LNG Experience (strongly preferred)

Experience in shore-based position (desirable)

Professional qualifications in an engineering / electronics field would be an advantage
