

Vector 2D/3D Developer

[Apply Now](#)

Company: Brixio

Location: Dubai

Category: healthcare-practitioners-and-technical

What You Will Do:

As a key member of our software development team, you will join a project for a client in the **automotive industry**. This position offers a unique opportunity to apply and expand your skills in a dynamic and technically challenging environment. We value innovation, precision, and a commitment to excellence. If you have a passion for software development and meet the below criteria, we encourage you to apply.

Location: Based in the UAE, the role requires on-premise visits to clients for software setup with cutting plotters.

Industry Experience: Experience with cutting plotter software is highly desirable.

Language Requirement: Must be proficient in English.

Start: 1 to 2 months

Requirements

Expertise in Vector Graphics:

Proven experience working with vector formats and developing solutions **CAD tools**

Strong Mathematical Background:

Advanced mathematical skills **implementing complex algorithms and computations**

SVG Proficiency:

In-depth understanding of **SVG graphics** including parsing and interpreting complex paths.

WebGL Implementation:

Hands-on experience implementing **WebGL for 3D and 2D graphic rendering**

Knowledge of managing shaders and optimizing performance in web contexts.

Binary Data Manipulation:

Ability to read, write, and manipulate data in binary format.

Ensure data integrity and implement efficient binary data processing.

Problem-Solving Skills:

Strong problem-solving abilities and a passion for overcoming challenges.

Collaborative Team Player:

Work effectively within cross-functional teams to achieve project goals.
