Job Description

VIE Operation Engineer F/M

Exploitation Keolis is a global leader in shared mobility and the preferred partner of Public Transport Authorities. Together, we co-construct safe, efficient and sustainable public transport solutions that enhance the appeal of local communities. In 2023, the Group enjoyed significant growth, generating 7 billion euros in revenue. With operations in 13 countries, our 68,100 employees work every day to offer a credible alternative to personal car use and accelerate the green transition. Our ambition is to imagine and deploy safe and sustainable mobility, for the benefit of communities everywhere, to improve quality of life for everyone. Keolis-MHI, a subsidiary composed of Keolis (70%), Mitsubishi Heavy Industries Engineering (MHI) (25%) and Mitsubishi Corporation (MC) (5%), has been awarded by Dubai's Roads & Transport Authority (RTA) a 9-year contract, with a possible 6-year extension, to operate and maintain Dubai's world-class metro and operate the tram network from 8 September 2021. Through its 1,850 committed employees trained to the highest standards, Keolis-MHI will enhance the passenger experience and raise their expectations in terms of Health & Safety, Service & Performance and Innovation & Digital, to make the Dubai metro and tram system a world-class public transport service. Context Working under the supervision of the Head of Planning and Performance of Keolis MHI, you will coordinate the improvements and change of the operation department. Missions Your main missions will be to:

- Coordinate the definition and implementation of leading KPIs of Operation department

Coordinate event preparation and record all associated cost

Support KIHO deployment program on the tram (KIHO: Continuous improvement approach of operational practices)

Support others operation department when needed as PMO

Support on self assessment from the group and coordinate the outcomes action plans

The position will be based in Dubai. Profile

You have a master's degree in engineering

You have experience in project management, coordination, and reporting) Ideally you have an experience as a PMO

You are proficient Excel and Power BI

You have knowledge in transportation (mainly metro and tram)

You are fluent in English

You are known to be proactive, curious, a good communicator, pedagogue and autonomous
