

Water and Drainage Design Engineer

[Apply Now](#)

Company: Atkins Middle East

Location: abu dhabi

Category: other-general

We are currently looking for a Water Engineer with a minimum of 6 years experience in the water industry. Candidates shall have a high level of expertise in water and drainage network design. Role and responsibilities The Water Engineer will be responsible for the carrying out of modelling, analysis and design of drainage, sewerage and water supply networks. He will report to a design manager in the Infrastructure Department. The successful candidate will take a leading role in the department, particularly with respect to network modelling and design. He will be capable of providing planning, leadership and technical expertise in management of complex and interdisciplinary projects. Requirements The ideal candidate for this role will need to be able to demonstrate the following level of skills and experience: Degree in Civil Engineering or other appropriate qualification. Minimum of 6 years post graduate experience in drainage design consultancy work. Ideally, shall be proficient in the use of both pressure and gravity network software. Able to produce technical reports in English in a clear and concise form. Able to communicate effectively with both colleagues and clients. Demonstrate a high level of expertise in drainage network modelling and design. Competent in using IT including Word, Excel, Power-point, emails and the Internet. Able to work with and manage technicians. Good presentational skills. Rewards & Benefits We offer an excellent package which includes: A competitive salary. Accommodation allowance. Transportation allowance. 22 calendar days annual leave (based on 5 day working week). Medical and life insurance cover. Company gratuity scheme. Discretionary bonus scheme. Annual flight allowance to point of origin. Employee Well-Being Programme. 24 hour free advice on financial, legal and family care specialists and also access to personal health,

fitness and nutrition consultants About The Company Atkins is one of the leading providers of professional, technology based consultancy and support services to the industry, commerce and governments in all of the world's major economies. With over 17,000 staff operating in Europe, the Middle East, Asia Pacific and the Americas, Atkins has a broad range of skills and resources and provides Clients with a comprehensive service throughout the entire life cycle of the projects in the built environment. We aim to be the international first choice supplier of technical and integrated services. Shaped by our customers' needs, our vision is to:

- focus on quality
- seek world class design and excellence
- strive to add value
- be flexible to the evolving needs of a changing society

Atkins first carried out design and supervision commissions in the Gulf area in 1967. From its regional head office in Dubai, U.A.E. Atkins Middle East now employs over 2000 staff located in Dubai, Abu Dhabi, Sharjah, Oman (Muscat), Qatar (Doha) Bahrain (Manama), Kuwait (Kuwait City) and India (Bangalore).
